26 April 2010

Dear Friend and Supporter,

Five and half years ago we lost our teenaged son, Efrain Marrero, on September 26, 2004. Like many other impressionable young adults, he made the wrong choice of doing steroids to try to get to the next level in sports. Yet it was a mistake he was trying to correct before he took his own life.

That's why we founded The Efrain Anthony Marrero Foundation to ensure that no child or family would ever have to go through this kind of tragedy again because of steroids.

In the past 5 years, we have crisscrossed the country to educate coaches, parents, students, doctors, congressmen and the media about the dangers of steroid use especially among our children. (To see a complete list of our accomplishments please visit our web site at www.nosteroids.org)

What we have accomplished so far is the product of the selfless efforts of a small number of volunteers, the use of our own personal funds and generous contributions from individuals and community-minded companies like yours.

Once again we are asking for your help. Our fifth annual fundraising golf tournament will take place Friday, October 8, at Rancho Solano Golf Course in Fairfield, CA. Please review the enclosed tournament flier and list of sponsorship opportunities, and consider participating or sponsoring at whatever level you are able.

We realize that there are many worthy causes seeking your time and/or donations, and we appreciate your consideration. This sponsorship shows your abiding support and dedication to the students of Solano County by allowing the foundation to provide steroid education and prevention programs. Thank you in advance for your continued support.

Very Respectfully Yours,

Frank Marrero, Colonel (Ret)
President
